OBJECTIVE

Motivated and ambitious job seeker with a strong desire to excel in a challenging role within a reputable organization. Eager to acquire new skills, broaden knowledge, and effectively apply learnings to contribute to company success. Committed to continuous growth and development, ready to make a valuable impact through dedication and passion for excellence.

EDUCATION

Bachelor of Computer Science , Sandip University	Expected 2026
Grade : 8.19 SGPA.	Nashik, Maharashtra
Diploma in Computer Science , K.K.Wagh Polytechnic	Aug 2021 - Jun 2023
Grade : 73 Percentage.	Nashik, Maharashtra
12th, HSC , Aarambh Mahavidhyalay	Aug 2019 - Jun 2021
Grade : 78 Percentage.	Nashik, Maharashtra

SKILLS

Technical Skills	Full Stack Development, Web development, Data Engineering, Data Analysis
Programming Languages	Python, Java, C, C++, Javascript
Core Computer Science	Compiler Design, Object-Oriented Programming (OOP), Data Structures
AI/Machine Learning	Generative AI, RAG, Pandas, NumPy, Beautiful Soup
Web Development	HTML, CSS, JavaScript, Node.js, React, MERN Stack, Stack Web Scraping
Databases	MySQL, MongoDB
Version Control	Git, GitHub, Azure

EXPERIENCE

AI/ML Devloper Intern	Present
ZobLik International	Remote, India
- Architecting RAG-based AI features for platforms like CertifyNXT and Xyntara, utilizing LangChain and Vector Databases to automate deep resume parsing and generate real-time AI mock interview feedback. - Developing multi-agentic workflows and automated pipelines using n8n and LangFlow, integrating Large Language Models (LLMs) via RESTful APIs to enhance predictive scoring and candidate-job matching accuracy.	
Full Stack Developer (MERN Stack)	2024
CODEVOCADO PVT.Ltd	Remote, India
- Engineered and deployed scalable web applications using the MERN stack (MongoDB, Express, React, Node.js), ensuring full responsiveness and cross-device performance.. - Led Architected RESTful APIs to handle real-time data functionality and optimized UI/UX layouts to improve user engagement and interface efficiency.	
Web Devloper	2022
NPIT Solutions PVT.Ltd	Nashik, India
- Developed interactive front-end interfaces using JavaScript, Bootstrap, and HTML5/CSS3, focusing on modular design and cross-browser compatibility. - Streamlined development workflows by building reusable UI components and optimizing web assets to significantly improve page load speeds.	

PROJECTS

AlgoSoft – Service Management Platform .

- Architected a high-performance service platform using Next.js and the MERN stack, leveraging Server-Side Rendering (SSR) to optimize SEO and reduce initial page load times for client interfaces.
- Engineered a dual-interface system for real-time synchronization of orders and payments, utilizing Next.js API routes and MongoDB to maintain data integrity across admin and client sessions.
- Tech Stack: Next.js, React.js, Node.js, Express.js, MongoDB, JWT Authentication, REST APIs..

Adaptive Career Mentor (RAG-based) .

- Built an AI-driven career guidance system using Retrieval-Augmented Generation (RAG) to provide personalized recommendations, leveraging NLP and dynamic knowledge retrieval.
- Implemented NLP models for analyzing user queries and retrieving relevant career pathways from a dynamic knowledge base.
- Tech Stack: Python, RAG, NLP, REST APIs, MongoDB.

Number Plate Extraction System) .

- Developed an image processing solution using OpenCV and Python to detect and extract vehicle number plates, enhancing automation and accuracy in traffic monitoring.
- Utilized OpenCV, Python, and image preprocessing techniques for accurate detection under varying lighting and angles. knowledge base.
- Tech Stack: Python, OpenCV, Image Processing, Machine Learning.

CERTIFICATIONS

- Certified with Multi AI Agent with crewAi
- Google Arcade Facilitator Program
- Certified With Google Data Analytics Course
- Certified With Web Developer At NPIT Solutions
- Certified With MERN Stack Developer At Codevocado Pvt Ltd

EXTRA-CURRICULAR ACTIVITIES

- Actively expanding expertise in web development, emerging technologies, and problem-solving skills through continuous learning.
- Participating in college fests and competitions .
- Participated in college fests, hackathons, and technical competitions, showcasing creativity, teamwork, and innovation.
- Volunteered in organizing college events and workshops, demonstrating leadership, planning, and communication abilities.
