OBJECTIVE

Motivated and ambitious job seeker with a strong desire to excel in a challenging role within a reputable organization. Eager to acquire new skills, broaden knowledge, and effectively apply learnings to contribute to company success. Committed to continuous growth and development, ready to make a valuable impact through dedication and passion for excellence.

EDUCATION

B-Tech. Computer Engineering , Sandip University	Present
Grade : 7.75 SGPA	Nashik, Maharashtra
Diploma in Computer Engineering , MSBTE	Aug 2021 - Jun 2023
Grade : 73 Percentage	Nashik, Maharashtra
12th , HSC	Aug 2019 - Jun 2021
Grade : 78 Percentage	Nashik, Maharashtra

SKILLS

Technical Skills :	Full Stack Development, Web development, Data Engineering, Data Analysis
Programming Languages :	Python, Java, C, C++, Javascript
Core Computer Science :	Compiler Design, Object-Oriented Programming (OOP), Data Structures
AI/Machine Learning :	Generative AI, RAG, Pandas, NumPy, Beautiful Soup
Web Development :	HTML, CSS, JavaScript, Node.js, React, MERN Stack, Stack Web Scraping
Databases :	MySQL, MongoDB
Version Control :	Git, GitHub, Azure

EXPERIENCE

Full Stack Developer (MERN Stack)	2024
CODEVOCADO PVT.Ltd	<i>Remote, India</i>

- Developed and deployed dynamic, responsive web applications using React.js, Node.js, HTML, and CSS, ensuring seamless performance across devices.
- Integrated REST APIs to deliver real-time data functionality, strengthening scalability and platform efficiency.
- Applied UI/UX best practices to create intuitive navigation and visually appealing layouts, resulting in improved user satisfaction.
- Utilized Git/GitHub for version control and collaborative development, maintaining clean code and streamlined workflows.

Web Developer	2022
NPTL Solutions PVT.Ltd	<i>Nashik, India</i>

- Built and optimized interactive web pages using HTML, CSS, JavaScript, and Bootstrap, focusing on responsive design and cross-browser compatibility.
- Executed multiple front-end projects, refining expertise in modular design, reusable components, and performance optimization.
- Collaborated with senior developers to translate client requirements into functional designs, strengthening problem-solving and teamwork skills.
- Gained hands-on experience in rapid prototyping and iterative development, laying a strong foundation for full-stack capabilities.

PROJECTS

Adaptive Career Mentor (RAG-based) : Built an AI-driven career guidance system using Retrieval-Augmented Generation (RAG) to provide personalized recommendations, leveraging NLP and dynamic knowledge retrieval.

- Designed an AI-powered career guidance system using Retrieval-Augmented Generation (RAG) to deliver personalized recommendations.
- Implemented NLP models for analyzing user queries and retrieving relevant career pathways from a dynamic knowledge base.
- Tech Stack: Python, RAG, NLP, REST APIs, MongoDB.

Number Plate Extraction System : Developed an image processing solution using OpenCV and Python to detect and extract vehicle number plates, enhancing automation and accuracy in traffic monitoring.

- Developed an automated computer vision solution to detect and extract vehicle number plates from images and video streams.
- Utilized OpenCV, Python, and image preprocessing techniques for accurate detection under varying lighting and angles.
- Tech Stack: Python, OpenCV, Image Processing, Machine Learning.

Adequate Jurist Portal : Designed a web-based legal information platform enabling users to access case details, legal resources, and documentation efficiently, improving accessibility and user experience.

- Built responsive, user-friendly dashboards with modern UI/UX principles to enhance navigation and usability.
- Integrated secure authentication and database management to ensure data integrity and protect sensitive information.
- Tech Stack: MERN Stack (MongoDB, Express.js, React.js, Node.js), Bootstrap, REST APIs.

CERTIFICATIONS

- Certified with Multi AI Agent with crewAi
- Google Arcade Facilitator Program
- Certified With Google Data Analytics Course
- Certified With Web Developer At NPIT Solutions
- Certified With MERN Stack Developer At Codevocado Pvt Ltd

EXTRA-CURRICULAR ACTIVITIES

- Actively expanding expertise in web development, emerging technologies, and problem-solving skills through continuous learning.
- Participating in college fests and competitions .
- Participated in college fests, hackathons, and technical competitions, showcasing creativity, teamwork, and innovation.
- Volunteered in organizing college events and workshops, demonstrating leadership, planning, and communication abilities.
